RE: *Wolfclan v. Pierce County* (23-cv-5399-TSZ-SKV)  
General ESI Search

Counsel:

The following are the test results to Plaintiff's general search request. Approximately 5 hours of employee and attorney time used. The following two categories of test results are provided: (1) SHR (Sheriff Dept.) and SHRJ (Jail) custodial search; and (2) SHRJ custodial search only. Test searches 2-5 are limited searches with sample general terms supplied by Plaintiff that are used to show how general terms used in search 1 returned a large result. The below search results are overbroad. Defendants maintain all prior objections and consistent with ESI Agreement ¶C(2)(a)(iii) request that Plaintiff identify search term queries for specific requests for production. Please advise.

**Custodian:** Sheriff Dept. SHR and SHRJ

**Database:** Emails (search includes attachments to emails); we are also searching phone records but search is proving unduly burdensome and not complete at this time

**Date Range:** 4/8/20 – 5/2/23

#### **1. PAT 24-386\_723136-1 (SHR and SHRJ): Primary test search based on terms as provided by Plaintiff:**
